

Infant School (Prep to Year 2)

Use of Computers and Internet Agreement – 2017

A. General

Northpine Christian College is pleased to offer students access to computers. The aim of the College is to provide the best possible environment to encourage our students to become competent, effective and responsible users of technology for educational purposes.

Students who wish to use the school computer system must sign this form indicating that they agree to abide by the school rules and also obtain parental permission to have restricted use of the Internet. Should a parent prefer that a student not have restricted Internet access, use of the computers is still possible for more traditional purposes such as word processing. This document is to be renewed on an annual basis.

B. What is expected?

Students are responsible for appropriate behavior on the College's computer facilities just as they are in a classroom or on a school playground. It is expected that users will comply with Christian standards. The use of the College's computers is a privilege, not a right, and may be revoked if abused. The user is personally responsible for his or her actions in accessing and utilising the College's computer resources.

C. Student Responsibilities

I understand that the College computers are a valuable educational tool to be used for my benefit as well as that of other students and staff at the College. I am aware of the rules of computer use and agree to abide by them. In particular I realize that my user name and password are for my access only and I will not pass this information on to anyone else, as I am responsible for any access through my username.

Computer Rules:

- Computers must be treated carefully and with respect. They are not a toy.
- Computers are only to be used under teacher direction and supervision.
- Students are to be responsible for saving and maintaining individual files.

I understand that if the school decides I have broken the rules, appropriate action will be taken. This may include loss of computer access for a period of time. As a user of the College computers, I agree to comply with the rules and to use the computers in a constructive manner.
